SUMMARY

IT Support and Networking professional with hands-on experience in ISP technical support, MikroTik router configuration, LAN/WAN troubleshooting, network monitoring, and customer support. Skilled in PPPoE, DHCP, NAT, Firewall, VLAN, routing, Windows support, and remote technical assistance. Currently pursuing BSc in Computer Science and Engineering

EXPERIENCE

Support Engineer

SS Online

📅 11/2025 - Present

- Resolved ISP and broadband client technical issues through direct troubleshooting and support.
- Configured MikroTik routers for PPPoE, DHCP, NAT, firewall rules, and bandwidth control to enable stable client connectivity.
- Set up routers, switches, and wireless access points to establish working network connectivity for users.
- Restored LAN/WAN and internet connectivity by diagnosing and fixing network issues.
- Maintained network uptime by monitoring performance and addressing customer-reported issues.
- Resolved user issues remotely using AnyDesk and Remote Desktop, reducing the need for onsite support.

EDUCATION

BSc in Computer Science and Engineering

Uttara University

📅 2026 - 2029

- Running

Diploma in Engineering

Shyamoli Ideal Polytechnic Institute

📅 2022 - 2026

GPA

3.00 / 4.00

SSC

Dhaka Blooming Child High School

📅 2020 - 2022

GPA

4.30 / 5.00

LANGUAGES

English

Intermediate

Bangla

Native

SKILLS

MikroTik Router Configuration: PPPoE, DHCP, NAT, Firewall, Bandwidth Management

LAN/WAN setup and internet connectivity troubleshooting

Routing & Switching: Static, Default, RIP, EIGRP, OSPF, VLAN

IPv4 Addressing, Subnetting and VLSM

Network cabling, testing and basic network monitoring

Windows 10/11 administration, hardware and software troubleshooting

Remote Support: AnyDesk, Remote Desktop

CCTV setup, backup and monitoring

TRAINING / COURSES

CCNA: Internetworking Fundamentals, OSI & TCP/IP Models

Ethernet Technologies and Network Media

IPv4 Addressing, Subnetting and VLSM

Routing Protocols: Static, Default, RIP, EIGRP, OSPF
